Verification System**

Dear Doug,

I'm just now getting to write you about my renewed application. I've reworked it completely, hoping this is what you asked for in our last telephone conversation. After you review this would you **PLEASE** call me at home: (225) 262-0561 to discuss any problems with it? Are there any new charges that I need to send? I've just spent another three weeks in bed because my back went out and am facing more surgery. I'd like to have all "my ducks in a row" before I've got to go under the knife. Again, I'm asking you to **PLEASE** call me and not just dismiss my application. Whatever I need to correct, pay, send, re-do, etc., etc... I'll do whatever you'd ask so that my patent goes through.

Again, many thanks for your patience and time,
